## The Rationale for Change

Shorefields Technology College is a part of the South Liverpool Education Trust. In order to improve the academic and other achievements of pupils at the school the Governors wish to achieve National Challenge School status. In order to do this the Governors at Shorefields Technology College have resolved to consult on a proposed change of governance arrangements. The governors are proposing to amend the articles of governance so that a majority of governors would be appointed by the South Liverpool Education Trust. This is a change from the appointment of a minority of the governors by that Trust.

This is a summary Notice of the proposal to make the alteration listed above.
